Cattle Market Report

16TH OCTOBER 2024 - 500 CATTLE YARDED

This fortnight's yarding was impacted by rain, leading to a reduced supply. We saw a solid offering of yearling and feeder cattle, although feeder steers faced less competition, dropping 10c/kg from the previous sale to a top price of 365c/kg. Yearling heifers followed a similar trend, also down 10c/kg, with a top price of 319.2c/kg. Heifers with excess condition or secondary types faced penalties, struggling to reach 300c/kg. While there was a good supply of cows, the cow market fell 20c/kg compared to the last sale.
