Sheep Market Report

19TH FEBRUARY 2025 - A YARDING OF 2,467 SHEEP & LAMBS, WITH 1,234 LAMBS AND THE BALANCE SHEEP.

The numbers eased this fortnight, with nearly 1000 less compared to the last sale. Despite the lower numbers, all processors were present and actively competed, resulting in a market that was generally firm to slightly dearer than the previous sale. Extra-heavy and heavy trade lambs, particularly the 30+ kg XLs, saw the largest price rise, with these lambs \$20-30 dearer than last sale, as were the 26-30 kg XLs. Medium XLs remained firm, with prices fluctuating by around \$6 either side. Light XL lambs destined for processing were also about \$5-10 either side of firm, depending on type and breed. Merino lambs, though in limited supply, topped out at \$125 per head. Heavy mutton prices remained steady, with the best cross ewes making \$140 and the best merino ewes reaching \$135, reflecting quality-based adjustments. The top-priced ram, a Merino, made \$60.

Cattle Market Report

19TH FEBRUARY 2025 - 450 CATTLE YARDED

This fortnight's sale saw a reduced yarding of only 450 head, with most of the offering consisting of heavy cattle. The best feeder steers topped at 368.2c/kg, making them up to 20c/kg cheaper than the last sale, while heavy feeders remained firm. Feeder heifers attracted more competition this week, with the best heavy heifers reaching 340c/kg, 20c/kg dearer than the last sale. There was more competition across all classes of heavy cattle, with the best heavy steers reaching 373.2c/kg, making them 20c/kg dearer, and heavy heifers selling for up to 340c/kg, 10c/kg higher than last sale. A good run of cows was seen, with the best cows making 332.2c/kg, 40c/kg dearer than the previous sale.

JOKE OF THE WEEK

A priest, a rabbit and a minister walk into a bar. The bartender asks the rabbit "what'll ya have?" The rabbit says "I dunno. I'm only here because of Autocorrect."

Central West Sheep Drench Trials

The Central West Local Land Services have one more space available for a sheep producer to have a fully funded drench trial performed on their flock in the Warrumbungle shire region. Drench trials give invaluable insight into drench resistance and what drenches are effective on your farm. Preferred sheep for the trial are undrenched weaners however, lambs that have not been drenched in 3 or more months are also eligible. A minimum of 120 animals are required. The trial can be conducted when an average worm egg count of 500 epg is reached.

This funding is available until the 30th June so if you have eligible sheep and are interested in participating or would like further information, we'd love to hear from you. Please phone Kate Atkinson on 0407716816.
